

Rally To Fight Power Towers

Saturday - May 9* - 2:00 to 6:00 PM

*Rain date Sunday, May 17

The Winery at La Grange

4970 Antioch Rd, Haymarket, VA

Fight overhead transmission lines running through our communities!
Learn about the issues and impacts on our region.

There is strength and influence in numbers - as we showed in the January Town Hall meeting.
We care just as much and even more today – We have only gained momentum.
The need to meet Amazon's data center power requirements should not force
land to be taken from private citizens for power towers.

This event is an opportunity to demonstrate our united front and to fund the work of the Coalition.

Come, Enjoy, and Show Your Support!

Community leaders from all segments (republican, democrat, independent),
as well as Dominion Power and Amazon, are invited to attend and meet informally with citizens.

We continue to impress upon our county board, state legislators, Dominion Power, and the SCC

Route 66 and buried is the only acceptable option!

Until we see them digging up I-66 for this purpose, no one should feel secure.
